

*Questions asked in each Life Community,
now for you to answer...*

Describe the difference between waiting actively and waiting passively. What does that look like to you? Do you think people wait more actively or passively? And do you tend to wait more actively or passively?

Suggest two ways you could wait more actively... waiting with God rather than just for Him.

By serving, how do you think you could integrate those practices into your life more as you wait for Him? What other practices would you suggest for how we could actively wait.

Reflect on Jenny's story, what struck you from what she shared? How could her example encourage both you and our entire community to receive training in waiting?

As we finish this series, remember that waiting is not just what I get at the end of the wait, but who I become as I wait. Who do you think God is calling and inviting you to become in this next season of your life?
